VOLUME XLIX

BETHEL

Arthur Gordon Douglass
The sympathy of the entire community goes out to the family who are mourning the loss of husband, son and brother. In all of these relations he had given and received much happiness. —Only Time, the merciful healer, can soften the blow to those who have seen them so suddenly severed. He was taken very ill some seven weeks ago, but had gained and was believed to be on the way to recovery when a relapse brought the end.

The son of Charles H. and Susan E. Douglass, he was born March 28, 1884, one of a family of eight children, of whom five brothers, and a sister, to whom he was tenderly devoted, survive him. He had always lived in Bethel. In August, 1914, he was married to Miss Ida May Hill of Norway, who came into his home during the last illness of his mother. To her she gave a daughter's care and companionship, which in rich measure she has continued to the father, who shared with them the home.

Mr. Douglass was by trade an engineer. For the last year or so he had been a valued employee of The Bethel Inn. Industrious, genial, affable, kindly, he had many friends. He was a member of the I. O. O. F., Hose Co. No. 1, and the Red Cross.

When the world's need of stalwart young manhood is so pitiously great, the cutting short of useful and loved life like his seems an unfathomable mystery.

He was very happy in his family life. Fond of his home he took great pleasure in improving and beautifying it. Only a few days before his death, during his convalescence, he had busied himself with work for the house which he had undertaken and carried on with keen interest and which he was eager to complete. To his father who has relied upon his assistance and companionship, and who had reasonably hoped for their continuance as the comfort and support of coming years, his loss is a heavy sorrow. To his wife it brings sad disappointment in the ending of a home life of much happy contentment and inconceivable loneliness.

The funeral was in the afternoon of Monday, Feb. 26, at his home. There were quantities of sympathy and affection from relatives and friends.

Immediately after the ceremony they went to the train planning to leave at once, but it so happened the train was nearly two hours late and a party of friends assembled at the station with an abundance of confetti and gave the young couple a genuine send off.

IT IS SERIOUS

Some Norway People Fail to Realize the Seriousness of a Bad Back.

The constant aching of a bad back, The weariness, the tired feeling, The pains and aches of kidney ills, May result seriously if neglected.

Dangerous urinary troubles often follow.

A Norway citizen shows you what to do.

M. M. Kilgore Danforth St., says: "I had backache and rheumatic pains for more than a year caused by disordered kidneys. My kidneys were acting irregularly all the time and I was so lame and sore across the small of my back I could hardly stand up. At night I rested but little and was feeling miserable much of the time. I finally got Dean's Kidney Pills at F. P. Stone's Drug Store and a few boxes cured me." (Statement given July 24, 1908.)

NOW IS THE TIME

We have a few more high-grade suits left and as we believe in honest advertising we are going to make this statement—we have not lowered the price on these suits and we cannot; but here is the point—The price marked on every suit is less than what we have got to give for our new spring suits at wholesale. Bear in mind that there are only a few left and they comprise suits from the house of Kuppenheimer and other high-grade manufacturers.

BELOW CITY PRICES

An order comes from a distance of 70 miles for one of our suits. This man claims that the prices are much less than the same suits sell for in the city stores. He had ought to know for he is around more or less in the city stores such as Portland, Biddeford, Haverhill, Lawrence, Lowell, Boston and other cities. Come in, look them over, we are safe in saying that this will be your last chance to get a suit of known value for such a low figure. Just look them over, ask questions about them and don't buy unless you want to, but come in and look them over.

Agricultural Warehouse

Food Wins the War Machinery Wins the Food

There has been introduced in the Massachusetts Legislature, a bill, favored by the State Department of Agriculture, appropriating \$200,000 to be expended in agricultural machinery, the same to be divided into ten lots or units and furnished free of charge, or at a nominal rate, with competent attendants and teams, to farmers in ten corresponding districts of the state, for the purpose of speeding up agricultural production at the state expense. It is proposed to buy:

Tractors	Sulky Plows	Mowers
Gang Plows	Grain Drills	Rakes
Manure Spreaders	Fertilizer Sowers	Reapers
Disk Harrows	Cultivators	Threshers
Planters	Potato Diggers	Binders

This only shows once more the scarcity of labor and the need of agricultural machinery to produce the crops to feed the world. We are prepared to fill orders for all these and many other implements. To early buyers we can offer many bargains at much less than present market prices.

To Relieve Catarrh You Must Strike at the Cause

Catarrh is the result of irritation of the mucous membrane caused by germ-infection. Catarrh manifests itself in various ways and requires varied treatment. The remedies below are each best adapted to its particular purpose.

Rexall Mucic-Tone

is a special tonic that strengthens the mucous membranes against catarrh by toning up the delicate tissues so that they are able to resist the attacks of catarrh germs. Taken internally, in conjunction with local treatment, it hastens recovery. Rexall Mucic-Tone is recommended particularly for persons who are unusually susceptible to catarrh and is a reliable treatment in chronic cases. 50c and \$1.00.

Rexall Catarrh Spray

An effective local treatment. Germicidal, antiseptic, healing. 50c per bottle.

Rexall Catarrh Jelly

gives instant relief in nasal catarrh. It is healing, soothing, effective and harmless. Quickly relieves stuffiness, irritation and discharge. It readily clings to the delicate surfaces thus insuring prolonged action of the medicaments. Rexall Catarrh Jelly is pleasant to use because it is sold in tubes with special nozzle for convenient application. Can be readily carried in the pocket for use when needed. 25c and 50c.

Rexall Catarrh Tablets

Very efficacious wherever a mild antiseptic cleanser is required; 50c per box.

An Emulsion Easy to Take

Cod liver oil is one of the greatest vitalizers known and is recognized by physicians as a splendid remedy in cases of debility, throat and lung troubles, etc., but it has been hard to get in a palatable form.

Our Emulsion of Cod Liver Oil

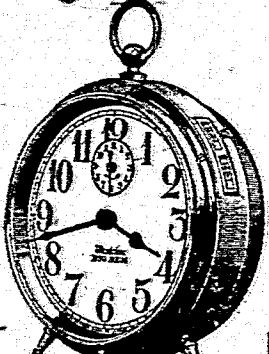

tastes good because it is fresh. The oil is produced in Norway and is filtered at zero temperature. The intense cold prevents the greatest yield from the cod livers, but the oil that is obtained is absolutely pure and free from the objectionable, fishy taste characteristic of cheap oils.

This Corn Will Peel Right Off!

"Gets-It" Makes Corns Come Off The "Banana-Peel" Way!

Why have to flop on the floor, squeeze yourself up like the "Banana-Peel" and with bulging eyes draw your face up into a wrinkle knot while you gouge and pull the "quick" of a tender corn? That's

the old, savage way. "Gets-It" is the modern, painless, simple way. Lean over and put two drops of "Gets-It" on the corn. Put your stockings and shoe right on again, and forget the corn. Pain is eased.

"Gets-It" has revolutionized the treatment of corns. It never irritates the true flesh. You'll stop itching on the site of your shoe, and do away with greasy salves, bandaging, blisters, thick plasters and painful methods. Use "Gets-It" it's common sense.

"Gets-It" is sold by all druggists (you need pay no more than 25 cents), or it will be sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Norway and recommended as the world's best corn remedy by F. P. Stone.

WATERFORD

Alfred Dustan

Word has been received here of the
death of another Waterford boy, Alfred
Dustan. He was born in Waterford, Feb.
13, 1888, and died in the Wisconsin Na-
tional Hospital, Feb. 19, 1918. He was
raised in the home of Theodore and Al-
myra Stone of Waterford. His father
was Ezekiel Dustan, and was killed by a
falling tree in the woods. He left a
wife and four small children. Alfred
then being six years of age, his mother
placed him in the home of Major Stone,
where he remained until 17 years of age,
then started out in life for himself, and
in his life career, has maintained honor,
integrity, and uprightness of character, a
true American citizen.In early life he married Miss Katie
True a daughter of Rev. Thomas J. J.
True of Waterford. She passed away in
about two years, after their marriage. A
second marriage was a lady of refine-
ment, a teacher in the Cincinnati School.
To them were born three children; 23
years of wedded life was the result of
that union and again he laid to rest, a
devoted companion.A son, Walter, A., has been employed
in the government building at Philadel-
phia, and Chicago the past eighteen
years, a promising young man. Fred P.
Dustan, who resides in Buffalo, N. Y., a
fine mechanic, and is foreman of a
seaplane plant in Buffalo. An only
daughter, Mrs. Nellie Dill, also a resi-
dent of Buffalo, is twin sister of Fred.In 1909 Alfred was united in marriage
to a lady from New York state. She
has proved herself a true and loving com-
panion, devoting her entire time sitting
by his side each day while he lay pro-
strated, with paralysis in the Wisconsin
National Hospital, being permitted three
hours each day to sit by him.In 1909 they located near Fryeburg,
Me., in order to be nearer his mother,
Mrs. Nancy Hilton, through her last
days. Alfred was the last remaining of
the family. He was a kind and thought-
ful son, a loving father and a devoted
husband, true to himself and true to his
country, enlisting in the Civil war in
Poland in Co. G 23d regiment, Maine
Volunteer Infantry, serving to the close
of the war.Through his life his aim has been up-
ward and onward. In his last days his
unbalanced mind was with his Water-
ford days of childhood, and the friends
of his youth, the old hills and fishing
ponds, all was fresh in his memory and
seemed to comfort him and his ever
faithful wife soothing his troubled mind
in a kind and loving manner, he so lov-
ingly relied on, to the end.He leaves a wife, three children, five
grandchildren, three nephews, five nieces
to mourn their loss. His memory will be
cherished by all who knew him. His
80th birthday, Feb. 13, was beautifully
remembered with cards and tokens from
many old friends and neighbors, but the
final came and the angel of death hover-
ed o'er him and bore him on wings of
love to his new found Savior and now,
with beautiful beaming hands he is call-
ing his loved ones home.

22 Million Families in the United States

IF EACH FAMILY saved one cup of wheat flour it would amount to 5,500,000 pounds, or more than 28,000 barrels. If this saving was made three times a week, it would amount to 858,000,000 pounds, or 4,377,000 barrels in a year.

You can do your share in effecting this saving and really help to win the war by omitting white bread from one meal today and baking in its place muffins or corn bread made according to this recipe:

Corn Meal Muffins

2 cup corn meal
1 cup flour
1/2 teaspoon salt
4 teaspoons Royal Baking Powder
2 tablespoons sugar
No eggs
1 cup milk
2 tablespoons shortening

Sift dry ingredients together into bowl; add milk and melted shortening and beat well. Bake in greased muffin tins in hot oven about 20 minutes. Same batter may be baked as corn bread in greased shallow pan.

The boxes have been placed in the post office and other public places and the auxiliary solicit the patronage of the public for their special charge. The Red Cross meets ever Tuesday and Thursday afternoon. They have a new supply of material and want the members to come and help for the work is needed. Those who are unable to come but would like to do at home either machine or hand work, they will be very glad to furnish it.

Mrs. H. E. Tuell has received a nice long letter from Dr. F. E. Wheeler. He writes that he has completed his course in training in eight weeks in rank B which is next to highest granted any one. He has been appointed medical officer in the Reserve Officers' Training camp, Fort Oglethorpe, Ga., and is stationed at the infirmary which ranks next to a base hospital. He is also sanitary inspector for the camp which is a responsible position and in this part of his work he is to be with Mrs. Wheeler. He also writes that they are both well and unite in sending greetings to their friends in Maine. His address is 1st Lieut. F. E. Wheeler, Infirmary R. O. T. C., Fort Oglethorpe, Ga., or 247 Vine Street, Chattanooga, Tenn., where they have rooms.

House Entered
Mr. and Mrs. Gerald Swift, who live with their family about a mile from the village on the Greenwood road had rather an odd though not a pleasant experience one night last week. Mrs. Swift was sleeping lightly on account of the children who have been sick with the measles was awakened by a noise which sounded from the kitchen. Thinking perhaps it was the cat, she awakened her husband and asked if he put the cat out. Soon they heard more noises so Mr. Swift went to investigate and found, very much to his surprise and indignation, a strange man helping himself in the pantry to something to eat. Mr. Swift, not too politely invited him to leave at once. It was thought that he had entered sometime during the daytime and gone up stairs over the shed room and gone to sleep on some old coats that he found there. He went from there to the station and broke into the ladies' waiting room and there Mr. Gardner found him the next morning. The tramp, for such he was, was thought to be less than twenty years old and Mr. Gardner thought him to be somewhat demented in mind, so he allowed him to go on without arrest.
